Intengo Kleur Vrywaring

Kleurvariasies:

- As gevolg van die inherente aard van pigmente en kleurstowwe, kan daar kleurverskille wees tussen verskillende bondels van dieselfde kleur. Hierdie variasies kan toegeskryf word aan verskeie faktore, insluitend:

- Toleransies in die vervaardigingsproses

Kleuraanpassing:

- Alhoewel ons poog om konsekwente kleurstandaarde te handhaaf, is dit noodsaaklik om die kleur van elke bondel na te gaan voor gebruik. Indien jy verskeie bondels van dieselfde kleur het, word dit aanbeveel om al die bondels saam te meng om 'n eenvormige kleur te verkry.

Geen Waarborg van Kleuraanpassing:

- Ons waarborg nie 'n presiese kleurpassing tussen bondels of aan enige kleurstandaard nie, insluitend maar nie beperk tot **Pantone**, **RAL**, of **NCS** kleure nie.
